

Hemophilia Products – Anti-Inhibitor Antibody: Hemlibra (emicizumab-kxwh)

(Subcutaneous)

Document Number: IC-0349

Last Review Date: 03/04/2019 Date of Origin: 12/12/2017

Dates Reviewed: 12/2017, 10/2018, 03/2019

I. Length of Authorization

Unless otherwise specified*, the initial authorization will be provided for 3 months and may be renewed every 12 months thereafter.

<u>Note</u>: The cumulative amount of medication the patient has on-hand will be taken into account for authorizations.

*Initial and renewal authorization periods may vary by specific covered indication

II. Dosing Limits

A. Quantity Limit (max daily dose) [Pharmacy Benefit]:

Loading Dose:

• 3mg/kg weekly for the first 4 weeks=1,380mg per 28 day supply

Maintenance Dose:

- 1.5mg/kg weekly = 690mg per 28 day supply
- 3mg/kg every 2 weeks = 690mg per 28 day supply
- 6mg/kg every 4 weeks = 690mg per 28 day supply

B. Max Units (per dose and over time) [Medical Benefit]:

Loading Dose:

• 3mg/kg weekly for the first 4 weeks=1,380mg per 28 day supply

Maintenance Dose:

- 1.5mg/kg weekly = 690mg per 28 day supply
- 3mg/kg every 2 weeks = 690mg per 28 day supply
- 6mg/kg every 4 weeks = 690mg per 28 day supply

<u>Note</u>: Patient must be dosed at a frequency that will produce the least wastage per dose based on available vial sizes of 30 mg, 60 mg, 105 mg, and 150 mg.

III. Initial Approval Criteria

Hemophilia A (congenital factor VIII deficiency) with inhibitors †

- Diagnosis of congenital factor VIII deficiency has been confirmed by blood coagulation testing; AND
- Confirmation the patient has inhibitors to Factor VIII; AND
- Used as routine prophylaxis to prevent or reduce the frequency of bleeding episodes; AND
- Not used in combination with Immune Tolerance Induction (ITI); AND
 - o Patient has at least two documented episodes of spontaneous bleeding into joints; **OR**
 - o Patient has documented trial and failure of Immune Tolerance Induction (ITI); OR
 - o Patient has documented trial and failure of or is currently on routine prophylaxis with a bypassing agent (i.e., NovoSeven, FEIBA).

Hemophilia A (congenital factor VIII deficiency) without inhibitors †

- Diagnosis of congenital factor VIII deficiency has been confirmed by blood coagulation testing; AND
- Used for routine prophylaxis: **AND**
 - o Patient must have severe hemophilia A (factor VIII level of <1%); OR
 - Patient has at least two documented episodes of spontaneous bleeding into joints;
 AND
- Patient is not a suitable candidate for treatment with shorter half-life Factor VIII (recombinant) products at a total weekly dose of 100 IU/kg or less (as attested by the prescribing physician with appropriate clinical rationale)

† FDA Approved Indication(s)

IV. Dispensing Requirements for Rendering Providers (Hemophilia Management Program)

- Prescriptions cannot be filled without an expressed need from the patient, caregiver or prescribing practitioner. Auto-filling is not allowed.
- Monthly, rendering provider must submit for authorization of dispensing quantity before delivering factor product.
- The cumulative amount of medication(s) the patient has on-hand should be taken into account when dispensing factor product.
- Dispensing requirements for renderings providers are a part of the hemophilia management program. This information is not meant to replace clinical decision making when initiating or modifying medication therapy and should only be used as a guide.

V. Renewal Criteria

Coverage can be renewed based upon the following criteria:

- Patient continues to meet criteria identified in section III; AND
- Absence of unacceptable toxicity from the drug. Examples of unacceptable toxicity include
 the following: symptoms of allergic-anaphylactic reactions (anaphylaxis, dyspnea, rash);
 thromboembolic events (thromboembolism, pulmonary embolism); and development of
 neutralizing antibodies (inhibitors); AND
- Any increases in dose must be supported by an acceptable clinical rationale (i.e. weight gain, half-life study results, increase in breakthrough bleeding when patient is fully adherent to therapy, etc.).
- The cumulative amount of medication(s) the patient has on-hand will be taken into account when authorizing.

Routine prophylaxis to prevent or reduce the frequency of bleeding episode

Renewals will be approved for a 12 month authorization period

Dosage/Administration

Indication	Dose
Routine Prophylaxis	3 mg/kg by subcutaneous injection once weekly for the
Congenital	first 4 weeks, followed by 1.5 mg/kg once weekly, 3mg/kg every two weeks, or
Hemophilia A with	6mg/kg every four weeks
or without inhibitors	

VI. Billing Code/Availability Information

HCPCS & NDC:

Drug	Manufacturer	J-Code	Nominal Volume	Concentration	NDC
Hemlibra 30mg	Genentech J719	TT	1 mL	30 mg/mL	50242-920-xx
Hemlibra 60mg			0.4 mL	150 mg/mL	50242-921- xx
Hemlibra 105mg		J7199	0.7 mL	150 mg/mL	50242-922- xx
Hemlibra 150mg			1mL	150 mg/mL	50242-923- xx

Hemlibra

ICD-10	ICD-10 Description
D66	Hereditary factor VIII deficiency

Appendix 2 – Centers for Medicare and Medicaid Services (CMS)

Medicare coverage for outpatient (Part B) drugs is outlined in the Medicare Benefit Policy Manual (Pub. 100-2), Chapter 15, §50 Drugs and Biologicals. In addition, National Coverage Determination (NCD) and Local Coverage Determinations (LCDs) may exist and compliance with these policies is required where applicable. They can be found at: http://www.cms.gov/medicare-coverage-database/search/advanced-search.aspx. Additional indications may be covered at the discretion of the health plan.

Medicare Part B Covered Diagnosis Codes (applicable to existing NCD/LCD): N/A

Medicare Part B Administrative Contractor (MAC) Jurisdictions					
Jurisdiction	Applicable State/US Territory	Contractor			
E (1)	CA, HI, NV, AS, GU, CNMI	Noridian Healthcare Solutions, LLC			
F (2 & 3)	AK, WA, OR, ID, ND, SD, MT, WY, UT, AZ	Noridian Healthcare Solutions, LLC			
5	KS, NE, IA, MO	Wisconsin Physicians Service Insurance Corp (WPS)			
6	MN, WI, IL	National Government Services, Inc. (NGS)			
H (4 & 7)	LA, AR, MS, TX, OK, CO, NM	Novitas Solutions, Inc.
